HSK 4 vocabulary list

1200 words, with a pinyin reading and an example sentence for each

The level most university programmes start at, with the vocabulary for work, study and abstract ideas.

The list follows the HSK 2.0 vocabulary list, the one used for sittings through 2026. The revised HSK 3.0 lists are longer, so use this as your foundation and check the version on your registration record.
